License Request

Request of License

In order to process your request for a product license key, we need some information about your MIMESweeper and your company. Once your information is submitted, your request will be processed and your evaluation license key will be emailed to you.

An evaluation license key is valid for a 30 days period. After the evaluation period has ended, contact Secure Internet Traffic to purchase a permanent license key.

Information about your company

Name:	<input type="text"/>
Email:	<input type="text"/>
